TUESDAY, July 31. lated a little yesterday by reports of damage to the corn crop, fell off again to-day, so that the total transactions were below the recent daily average. Advices from the West, not all of came from interested speculators in pereals, were a little more cheerful because they told of needed rains here and there in the corn belt. In consequence some of the Board ger trunk lines short yesterday were disposed to cover to-day, and the result was slightly higher orices for all of the stocks of that group. The aggregate dealings in them, however, were barely 30,000 shares, or about one third of the total sales. Sugar Refining, which, as is frequently the case, moved counter to the tendency shown by the majority of stocks, supplied more than another third of the dealings. It sustained a net loss of 11/4 \$ cent., closing at about the lowest price recorded. The market as a whole reflected, if anything, a disposition, even on the part of professional traders, to await authentic information as to the damage to the corn crop, and also a settlement of the tariff question. There was, in fact, as will be seen by reference to the preceding table of transactions on the Stock Exchange, no market at all outside of the three or four stocks that have been mentioned. Final sales compare with those of yesterday as

Mrs. Elizabeth C. Taylor's application to the Supreme Court to compel Henry A. Taylor, a milliomaire banker of 80 Broadway to pay her alimony and counsel fees pending her suit against him for a separation upon the ground of cruelty and abandonment, was denied by Judge Stover yesterday. Mr. Taylor denied his wife's charges of cruelty, and, as a bar to his wife's ac-tion, set up;that in September, 1891, he secured an absolute divorce from her in the Superior Court of New Haven upon the ground of her in-temperance. He further declared that she was convicted of perjury in London several years ago, and was sent to the Old Bailey for six months.

A Politician Kidnapped SPOKANE, Wash., July 31.—Charles F. About 2 o'clock a party rapped at the door and invited him out. That rapped at the door and having him out. That was the last seen of him. Yesterday morning Sheriff Pugh and a searching party found (iloy-stein's hat about a mile south of his house. There were three builet holes in the hat and it was covered with blood and hair. Gloyatein has made some bitter political enemies recently, and the belief is common that he has been decoyed and murdered.
